

Are you reaggea

Are you reaggea are you - Are you reaggea are you
Are you you reaggea - are you

It is my only desire
My only messiah
my real real empire

We're making together good music
and feeling that everythings fine
We're breaking together through borders
Now all seems to be alright

We are sitting peaceful together
Singing some songs filled with love
Sometimes forgetting this bad thoughts
which are driving us sometimes insane
